LOCAL GRAIN AND PRODUCE.

Trade Is More Active in Many Lines

and Prices Are Steady.

Trade with the dry goods houses, the drug-

gists, the leather dealers, the iron merchants and

provisions is the largest in some weeks, but on

Commission row yesterday it was rather a quiet

day, the cold weather checking shipments. The flour market is dull and the hide market is a lit-

tle slow. With seed merchants but little is do-ing. On all staple articles prices are well held.

The local grain market shows a little more ac

tivity, on larger receipts. Track bids yesterday were firm at the advances in both the leading

cereals. On corn and wheat they ruled as fol-

AT STAGNATION'S LEVEL

MARKED DULLNESS IN THE NEW YORK MARKET FOR STOCKS.

Spasmodic Efforts to Change the Course of Prices Were Without Avail-Local Trade Circles.

At New York yesterday money on call was steady at 21/23 per cent.

Prime mercantile paper, 41/265 per cent. Sterling exchange was firm, with actual business in bankers' bills at \$4.87 for demand and \$4.84% for sixty days; posted rates, \$4.85@4.88; commercial bills, \$4.83@

Bilver certificates were 591/20601/2c; bar silver, 591/c; Mexican dollars, 471/2c. Bar silver at London was firm at 27 7-16d per ounce.

Prices on the New York Stock Exchange at the opening yesterday reflected, in a degree, the news that General Warren had captured the Boer position at Spion kop. There was a brief period of active buying by professionals in expectation that the spell on the market would be broken, and an outside demand for stocks attracted, but the traders quickly detected that there was no competition outside their own ranks and the demand for stocks, and they turned to the short side almost immediately. The sagging of prices below the London parity made operations profitable for the foreign arbitrage houses, since prices in London were well sustained at the higher level. Buying for foreign account in the international stocks was estimated at from 25,000 to 30,000 shares, and even this demand was largely met by sales for short account. The industrial specialties showed gains in sympathy with the internationals, but they were not so well sustained in the absence of foreign demand. The absolute inertness of the buying demand prompted some selling pressure by the bears against the industrials in the last hour, but prices seemed as unwilling to move downward as upward, and the shorts covered before the which was firm at slightly below opening level in most cases. The weekly returns of the Bank of England and the Bank of France disclosed a continuance of the notable reflux into the cash reserves of those institutions, accompanied by continued liquidation of loan obligations to them. Open market discount rates abroad continue soft in spite of the continued increase in reserves of the government institutions and in London are still nearly one tinued liquidation of loan obligations to tutions, and in London are still nearly one per cent. below the bank rates, even after yesterday's reduction to 4 per cent. The demand for money in New York also continues very sluggish, although the inflow of cash to the banks continues to decrease, cwing to the large revenue receipts by the \$10.50@11 government. Mercantile paper is coming into increased demand, and lenders of money make additional concessions in the placing of time loans. All this has not the slightest apparent effect in attracting any operations in the stock market, which went through the whole day after the open ing spurt very near the level of stagnation.

mand for Standard Oil, which sold at 512, £ record price. The bond market was rather broader than that for stocks, but showed a falling off from the recent active business. Prices were well sustained throughout. Total sales at par value were \$2,345,000. United States new fours, coupon, and fives, registered, advanced 1/4 in the bid price.

A feature on the outside market was a de-

IT TENDS TO STRENGTHEN THE CHI-CAGO WHEAT MARKET.

Very Dull-Oats Stronger and Provisions a Fraction Advanced.

CHICAGO, Jan. 24 .- The wheat market was firm to-day, mainly helped by confirmation of rumors of plague at Rosario, May closing a shade over yesterday at 67c. Corn and oats closed each a shade up, and provisions 5@121/2c better.

were contributory elements in reported 261 cars, against 282 last week and 489 a year ago. Receipts here were 23 cars. one of contract grade.

Oats were dull and firm without much | feature. There was some buying by Eastern cash handlers against other sales. The cash business received a temporary check by the advance of 1/2c in the relative cash price on export oats, holders raising their price on account of small receipts. Receipts here were 189 cars. May ranged from 231/sc to 23%c and closed a shade improved

at 23%c. The provisions market, after a considerable period of duliness and depression, turned fairly active and firmed up. The opening was a shade up because hog receipts were under the estimate, but this was soon displaced by a feeling of easiness, commission houses selling lard and ribs on a moderate scale. Later in the session influential buying by houses which had been selling caused a reaction which lasted to the end of the session. May pork sold from \$10.60 to \$10.771/2 and closed 121/20 up at \$10.75@10.77½; May lard from \$5.90@ 5.92½ to \$5.97½@6, closing 5@7½c better at \$5.97½@6; May ribs from \$5.67½ to \$5.75@ 5.771/2, with the close 71/2c over yesterday at | for copper 16.50c.

Estimated receipts to-morrow-Wheat, 45 cars; corn, 180 cars; oats, 170 cars; hogs,

Corn Firm on Small Offerings, but

Quiet prevailed in the wheat pit throughout the session. Confirmation of the rumored presence of the plague in Rosario was the chief support, giving the market a tone of firmness. The cold weather West and the steadiness of cables steadiness. Liverpool's advance early was largely a factor in the initial gain here. May opened 4c over yesterday. The entire range was narrow, May selling between 674c and 66%c, closing a shade up at 67c. Cash people reported a better inquiry, but no business transacted. The export business was stagnant. New York reported five loads taken for export and the seaboard reported clearances in wheat and flour equal to 265,000 bushels. Primary receipts were 320,000 bushels, compared with 655,000 last year. Minneapolis and Duluth

The corn market was dull and save for a momentary dip firm. Light receipts and small country offerings, with some sympathy with wheat, were the influences. The shipping demand from New York was slow, but improved from Philadelphia and Baltimore. Receipts here were 192 cars. May ranged from 33@331/sc to 331/4c, closing a

Horses. UNION STOCKYARDS, INDIANAPOLIS Jan. 25 .- There were only about one hundred horses offered in the auction sale to-

day, and there were no strictly high-class animals represented. The quality of the chunks, drafters and workers was fairly satisfactory, and the general market was much the same as it has been heretofore this week. The demand from foreign buyers for good heavy animals continues equal eye at that site and favor a new building to the supply, and, if any different, that class sold to better advantage than any day, when they hope to receive offers for other. A good clearance was made early at current prices.
